William B. Meyer, Inc. Honored for Excellence
By *Global Logistics & Supply Chain Strategies*

William B. Meyer, Inc. has been selected as one of 2003's 100 Great Supply Chain Partners by *Global Logistics & Supply Chain Strategies* in the magazine's August issue. The magazine chose William B. Meyer as a superior third-party logistics provider. *Global Logistics & Supply Chain Strategies'* criteria for the 3PLs selected included "a strong commitment to effective customer service, a sense of partnership and flexibility in handling unexpected operational challenges."

Recognized in the third-party logistics providers' category which included very large global players, as well as the regional and specialized providers, William B. Meyer was nominated by their client, American Woodmark. They have provided 3PL services in American Woodmark's most difficult market –the Northeast. William B. Meyer was recognized because their superior technology platform supports high levels of operating performance resulting in outstanding delivery service. They have been innovative and forward thinking in designing processes to meet the needs of their customers.

William B. Meyer, one of the largest transportation companies in the Northeast, is located in Stratford, CT and Bedford Hills, NY. Chuck Mattes, Executive Vice President of William B. Meyer, Inc., states, "We are honored to have been nominated by our client, American Woodmark, for this prestigious industry distinction. At William B. Meyer, we strive to achieve a superior level of satisfaction and service for all of our clients."
